

Safety Tips for Arms License Holder

1. Your Fire Arms should be kept in safe custody especially away from children and unauthorized persons.
2. The weapon should not be handled unnecessarily, even by you.
3. Be thorough with the safety and firing mechanism of your Fire Arm.
4. Weapon should be unloaded before handling over or taking over from anybody. The barrel during these times should always point towards the ground.
5. Never look down into the barrel of a Fire Arms with its butt on the ground may fire the gun shot.
6. Remember that alcohol, drugs and your weapon make a disastrous combination.
7. Always think that your Fire Arm is loaded.

ALWAYS REMEMBER: The fire arm is not a toy, use it with responsibility.
